Re: Airport User Survey
2021 Airport Master Plan Study
Shawano Municipal Airport / Seaplane Base
Shawano, WI

Dear Operator:

TKDA is assisting the Shawano Airport Commission in developing an Airport Master Plan for the Shawano Municipal Airport / Seaplane Base (FAA ID: EZS).

On behalf of the Commission, City and County, we would like to invite you to complete an airport user survey. The purpose of this survey is to collect information about the use of the airport/seaplane base to help identify aeronautical demand and facility needs.

A particular focus on this survey is identifying needs for the seaplane base. Your responses are critical to help the Commission to identify user demand to secure funding for improvements.

The airport user survey is available online here -> <https://www.surveymonkey.com/r/EZS-UserSurvey>. You can also scan the QR code at the top right to take the survey on your smartphone or tablet. Estimated completion time is 15 minutes.

To encourage survey participation, the Airport Commission will select one response each week up through the end of October to receive a \$20 gift certificate to the Lighthouse Restaurant adjacent to the airport.

Thank you in advance for your participation in the survey. Please contact Dillon Petrowitz, Airport Planner at dillon.petrowitz@tkda.com with any specific questions about the survey.

Sincerely,

A handwritten signature in blue ink that reads "Marcus S. Watson".

Marcus S. Watson, CM
